

Welcome!

Phi Sigma Kappa has helped to change the lives of many young men throughout history. We hope that you will find information that is useful on this website as well as on our National website.

Phi Sigma Kappa is a great and long standing organization found on Ferris State University's campus. Phi Sigma Kappa is one of many social fraternities found on campus. Although Phi Sigma Kappa falls under the category of a Social Fraternity we assure you we stand out from other fraternities on campus as we are committed to our education, our brotherhood and to our fellow peers and service to others. As brothers of Phi Sigma Kappa we hold true to our three cardinal principles the Promotion of Brotherhood, the Stimulation of Scholarship, and the Development of Character.

We promote Brotherhood in many different aspects of Greek Life as well as in the community and our hometowns. Phi Sigma Kappa was founded as an alternative to the many drinking clubs that were prevalent in its day. Phi Sigma Kappa holds many events for its active and new members. We believe that the overall growth and development of an individual is beneficial towards their future while gaining friendships that will last a lifetime.

The stimulation of Scholarship is found within its members. Study hours and study tables are readily made available for its new and active members. Education is very important and without an educational institute an organization like this would not be in existence.

Phi Sigma Kappa develops the character of its members by the extraordinary outreach that it does in the community. Most members are members of other registered student organizations on campus. Not to mention the amount of activities we participate in, from annual events such as Bulldogs in Action; an event aimed to help with move in of freshman for a smooth transition for their college experience, to The Movie in the Quad every fall, an event that is fun and brings many. Some members become actively involved with Orientation and become leaders, as well as Resident Advisors throughout campus, to name a few. Phi Sigma Kappa offers a lifetime of enrichment; for it is not a 4-year experience but a lifetime. Take the first step toward a great opportunity. The opportunities are endless with Phi Sigma Kappa!

Phi Sig's are very active and always helping out the Area 5 Special Olympics. Some events we plan and participate in are our Annual Date Auction where all proceeds go to the local Special Olympics. Miles for Medals is another event which we partake in, a national event where volunteers walk to raise funds for the athletes who participate in the Olympics, making the cost next accessible for families to participate.

Please feel free to explore the website for additional information.
